# new solution

**Superior build, robust and reliable.**

Unique and user-friendly interface.  
 Safety sensors on access doors ensure  
**NS Multi** complies with strict health and safety guidelines, protecting your employees and company.  
 Generous access doors makes changing inks and maintenance an easy process.

**NS Software allows user access to:**

- Ink level control
- Automatic consumables alert

**Included high-powered PC allows users to install variable data software and alternative RIP solutions** as your business needs development and growth.

## MACHINE FEATURES

• Media thickness measurements sensor and automatic printhead adjustment.

• Lamination gap adjustment.

• Easy access to both modules for maintenance processes.

• Sensors for lamination temperature control.
