

# BUBBLE-FREE PRO APPLICATOR TABLES

## BUBBLE-FREE PRO

### BUBBLE-FREE APPLICATOR

Operators can mount and laminate digital prints and apply application tape to any flat surface, banner, table, flat furniture, PMMA up to thicknesses of 60 mm.

- Quick mounting without any bubbles or wrinkles
- Controlled application pressure prevents media stretching
- Easy positioning of material to be mounted
- Fast production speed for increased productivity
- Quick and easy to learn
- Self healing cutting mat

**BUBBLE-FREE applicator can be ordered with:**

- glass board and LED lighting
- MDF board and PVC mat

**Can be ordered in customised dimensions.**

The pressure roller has 15mm thick soft rubber coating to guarantee the bubble free application.

The pressure roller is controllable on both sides.

The pneumatic system uses FESTO parts. The pressure of the roller can be adjusted over a wide range by the pneumatic controller.

High durability paint in RAL colour 9006.

The castors with brakes allow the table to be easily moved or fixed in position.
